CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are only conditions under which bids will be received.

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c. up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

We will send a printed list of the prices realized for this sale, for \$1.00 cash to be sent in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

CATALOGUE

NOTE.—If any information is wanted about the values of lots, or how to bid on any lot, write Mr. Elder, Who will advise you.

- 150 412 1794. Hays 56. Very good, scarce.
- 413 1794. Hays No. 60. Obv. In LIBERTY I and B are widely separated, the upright of R is directly over the highest point of hair, and the stand of T is partly over the forelock and partly over the forehead. In date, 1 is distant from 7, and the top of 1 is near the hair, and the 4 near the bust. The point of bust is 1/32nd inch from the inner edge of the milling, and the end of the staff but 1/64th inch. The distinguishing characteristic of this obverse is the staff, the lower half of which is but a hair's breadth from the bust. This obverse resembles No. 54, but the lower curl forms a smaller circle than on that number, and it differs from it in all the other points mentioned above. Rev. Same as Hays 56. Good with fine date. **A new variety**, discovered by E. Gilbert, Esqr., and which will be known as the "Second Gilbert Variety."
